WORK EXPERIENCE

- FABRITY / 05.2016 - CURRENT
Head of development team
As a head of the development team located in Rzeszów, I am responsible for ongoing support, team building, taking care of positive work environment and recruiting new team members.
Fullstack .NET developer
In my development tasks, I work directly with clients in the field of SharePoint and K2 technologies, as well as research and preparation of POC projects. In the past I have also implemented MVC and Angular projects.
- RZEMIOSŁO.IT & RG-DEV / 05.2017 - CURRENT
Organizer
I am one of the organizers of the first and the biggest software craftsmanship conference in Podkarpackie voivodeship. Together with the team, I also organize monthly meetings of the rg-dev group, which has over 1,000 Meetup members.
- SII / 10.2015 - 05.2016
SharePoint developer
- IDEO / 03.2015 - 09.2015
Fullstack .NET developer
- MICROSOFT / 04.2012 - 07.2015
Microsoft Student Consultant
South-east and central Poland regional leader.
Head of Social Media competence center.
My responsibilities was organizing activity of .NET groups in region, planning operations of MSP program in Poland and recruiting candidates for Microsoft Student Partner and Junior .NET Leader programs.
Microsoft Student Partner
Rzeszow .NET Group Leader.
I was responsible for arranging meetings and activities on Rzeszow University of Technology, organizing IT Academic Day conference and cooperating with local IT companies and schools.
- INQUILABS / 10.2014 - 02.2015
Startup CEO & Co-Founder
